The Ohio Improvement Association alone will send one thousand delegates. The Great Lakes to the Gulf Association expects to be represented by not less than five hundred chosen appointees. President Taft is expected to deliver the opening address to the congress.

There is, of course, much interest throughout the country with reference to filling the vacancy in the Supreme Court of the United States made by the death of Justice Peckham. It is thought that the President will appoint someone from the South, either Judge Lurtin or Judge Judsom, both of whom are Southern Democrats. Judge Lurtin is an intimate friend of the President and was associated with him when Mr. Taft was a United States Circuit Judge.

The investigation of the customs frauds in New York is at present exciting great interest in administrative and political circles. Many members of Congress are opposed to Congressional investigation. Some believe that the campaign conducted by the Attorney-General and Secretary of the Treasury for the improvement of the customs service will develop such abuses as may exist and result in the punishment of those who are guilty.

An Animated Mix-Up.

A "mix-up" between Story, a well-known colored character, and a colored woman, occurred at a small restaurant in the vicinity of the Tampa & Jacksonville depot a day or two ago, which created considerable amusement, notwithstanding the result was a smashed umbrella, a bruised head and a sore shoulder.

The woman approached Story without ceremony, it is said, and, accusing him of circulating "bad reports" about her mother, proceeded to pound him over the head with a substantial looking umbrella, until the weapon of attack was pretty thoroughly broken up. It was then Story's inning, when he proceeded to use his walking cane over the woman's bust and shoulders, with a result that she soon cried "enough, my lord, enough."

Sure it must have been enough, for the woman appeared to get the worst of the deal in the end.

Island Cotton Market Quiet During Past Week

NNAH, Nov. 20.—The Sea market was quiet during week with actual factors' derably below the reported Quotations are nominally and the market closed dull with holders firm for prices, and not much demand ry in sight.

gins are reported to be clos- for the season practically all State. Very little is left

CIRCUIT COURT ADJOURNS.

Electra Peeples Plead Guilty to Aggravated Assault and Sentenced.

After a session lasting two weeks, the fall term of the Circuit Court adjourned Saturday morning.

There was only one case remaining on the criminal docket to be disposed of Friday night, being the case of the State vs. Electra Peeples, a negro woman of Wilcox, charged with assault with intent to murder. The case was called immediately upon the convening of the court Saturday morning, the defendant being arraigned and pleading guilty of aggravated assault, which plea the court accepted, and the woman was sentenced to pay a fine of $25 and costs, in default of which she must spend three months in the county jail.

Judge Wills and other court officials are to be congratulated upon finishing the work in so short a time, as there was a heavy docket, and the majority of cases were disposed of by process of arraignment and trial.

Among the criminal cases disposed of were three murders, all the defendants being negroes. Two of the prisoners plead guilty to murder in the second degree, and each was sentenced to life imprisonment. The third defendant, Jim Lundy, went to trial, and the verdict of the jury was murder in the third degree, when Lundy was sentenced to two years in State prison at hard labor.

AT THE METHODIST CHURCH.

Large Congregations Gather Daily to Hear the Word of God.

The meeting is growing in interest. Yesterday morning an earnest congregation listened attentively to a searching sermon by Dr. Christian. His subject was the "Blight of a Useless Life."

The preacher showed very plainly that it was just as great a sin to do nothing as it was to commit overt acts of sin; that God requires increase in the talents which he has given us. The deep impression made in some minds will never be effaced.

It is expected today will be the greatest day in religious circles that Gainesville has ever known. Dr. Christian will preach this morning on the subject, "The Sin of This Age," and in the evening on "The Sin Against the Holy Ghost." Fifteen minutes' song service in the morning and thirty minutes in the evening. Under the able leadership of Prof. Milam with his large chorus choir, the gospel of song will lead us into the highest heights of spiritual worship.

Thinking people are especially requested to attend these services today, and everybody is cordially invited. Morning service 10:45; evening service 7 p. m.

Services every day this week at 9:30 a. m. and 7 p. m.

BONNIE MELROSE.

Huffman House Being Renovated For the New College.

MELROSE, Nov. 20.—The work of renovating and altering the Huffman House for the new Phi Sigma College has begun.

S. R. Jenkins and family have removed to Lakeland.

Mrs. E. L. Whitney, Miss Marion Whitney and Earnest Whitney have returned after a year's absence in Connecticut.

Simon Coward has sold part of the lot adjoining his store to G. Nobles, who will build an up-to-date butchershop shortly, the lumber having already been ordered.

The first Irish potatoes of the season were on sale last week. The supply of vegetables has been unusually good recently, notwithstanding the dry weather.

Dr. Frank McRae drove to Gainesville recently in his Brush car, taking about two hours to make the 26-mile trip via Orange Heights on the county road. By covering one or two miles here and there with pine straw the trip could be made in much less time.

MONCRIEF IS READY FOR WINTER RACING

Great Race Meet to Open at Jacksonville on Thanksgiving Day---Many Fine Horses.

JACKSONVILLE, Nov. 20.—The race course at Moncrief Park, four miles northwest of this city proper, presents a busy scene and great work is being done by those in charge. At the present rate of progress everything will be fully completed by Tuesday next, when the plant will be in readiness for the opening on Thanksgiving Day. Those who have not visited Moncrief Park since the close of the inaugural meet last spring will be surprised at the wonderful improvements made to the plant. Moncrief Park is now a model race course, or rather will be when the finishing touches are made to the place.

The park has certainly been transformed into a modern and up-to-date racing ground and many innovations have been made looking to the comfort of patrons. All of the roads leading to the course have been resoiled and shelled and by Thursday next they will be as smooth as glass. The big, commodious grandstand is complete in every detail. It is a conspicuous structure constructed on modern lines. The stand is set higher than the structure that was built last spring and General Manager Brown constructed it with the idea of affording everyone an excellent view of the races. The entire circuit of the course can be seen from any seat in the stand and unlike many stands everybody can remain seated and see the thoroughbreds from start to finish. In this respect it is far superior to the stand at City Park in New Orleans. There is quite a pitch to the lawns which slope down from the stand to the track proper. Most of the grading on this part of the grounds has been completed and will be ready a couple of days before the opening.

The new paddock is a handsome structure. It is built after the plans of the paddock on the Jockey Club tracks in the East. The roof is about fifty feet high, which affords plenty of light and air. There will be sixteen stalls in the paddock and they will be built against the rear wall. This will permit plenty of room for a big ring where the racers can be led around for the inspection of the public. Between the paddock and grandstand the administration building is being erected. The offices of the secretary and the jockeys' quarters will be in this building. The club is certainly sparing no expense to make Moncrief Park an up-to-date and comfortable spot which will be in keeping with progressive Jacksonville. No city in America will be able to boast of a more modern race course than the one which is being about completed here.

A large force of men were busy all day Friday erecting the big timbers that will support the immense water tower. This big tank, which will have a capacity of 50,000 gallons, is being built just above the trainers' and owners' stand, pipes leading from the tank to every part of the course. A four-inch pipe has been laid all around the track proper with faucets at about every hundred feet. This was constructed with the idea of keeping the track well watered in dry weather and eliminating the dust. There will also be a faucet at every barn.

Millionaire row, where some of the big owners are located, is one of the show places at Moncrief Park. Col. P. T. Chinn, R. L. Thomas, Barney Schriber, Davis Dunlop, Frances J. Pons and Harry Shaw are located in some of the stables which front the road that runs across the grounds at the upper end of the track. The lawns fronting these barns have been sowed with grass seed and everything about them is spic and span. Such horses as Jack Atkins, John Carroll, Red River, Jack Parker, Lady Irma, Emperor William, Flying Squirrel, Sir Cleves, Moquette, Philander, Guy Fisher, Takahira, Harrigan, Besom, Patsy, Jack Nunally, Arcite, Hasty, Agnes, Miss Sain, Ben Double, Roseboro and other stars of the turf world, are quartered.

Some of the best sprinters in the country will go to the post for the inaugural dash, which is at six furlongs.

State Gains Much Land By Supreme Court Decision

The Jacksonville Metropolis of last Friday contains the following important information to owners of property fronting on lakes in this State:

"About two years ago suits were instituted on behalf of the owners of lands around Lake Miccosukie, in Jefferson county, and Lake Jackson, in Leon county, against the Trustees of the Internal Improvement Fund, claiming the land lying between the meander line of the abutting property owners and the center of the lake. It seems that in recent years, from some reason not fully understood, these lakes have dried up, and the lake beds, amounting to about five thousand acres, have become valuable for pasturage or cultivation.

"The circuit court decided in effect that the abutting owners did own the lands between the meander lines and the center of the lakes, in some cases extending a distance of two miles and including an area of land many times greater than the tract owned by the complainant.

"The supreme court of Florida has just announced a decision reversing the decree of the circuit court and sustaining the title of the State to the lake beds, including all lands lying between the meander lines of the lakes, as shown by the United States surveys, and the center of the lakes.

"The decisions are exceedingly important, on account of the hundreds of lakes in Florida where similar questions would arise had the decree of the lower court been sustained, holding in effect that the owners of lands bordering around all of the lakes in Florida were also the owners of the lake beds in front of their property. Such a construction of the law would in many instances entitle the owners of a small tract of ten or twenty acres to extend their lines two or three miles into the center of the lake. It would seem, however, from these decisions, which are final, that the principle involved the title of owners of lands fronting upon inland lakes is limited to the meander line or edge of the lake, as shown by the Government surveys, excepting, of course, that they are entitled to the riparian rights that belong to all water front property."

OBSTRUCTED TRACK; GOT INTO TROUBLE

RHODES WANTED TO ACT HERO, BUT GOT CAUGHT.

After Piling Crossties on Track Lad Warned Approaching Train of Danger, and Was Pinched.

To Special Agent Chas. Pinkoson of the Atlantic Coast Line belongs the credit of arresting and landing behind the bars of the Marion county jail in Ocala a young negro, Raymond Rhodes, who confessed to obstructing the railroad track near Zuba, a small station in Marion county, by placing crossties across the same.

When Rhodes was arrested he at first stoutly denied his guilt, but finally broke down and confessed all. He stated, however, that it was not his intention to cause a wreck, but he desired the distinction of acting the hero of the occasion by waving the train down and warning the crew of the approaching danger, so that it would appear he had jerked the passengers from the jaws of death, so to speak.

Rhodes' plan worked admirably as far as waving the train, etc., went, but his actions created suspicion, which resulted in his subsequent arrest.

The negro, who is nothing more than an overgrown lad, stated that he had heard the story of a boy who once piled ties on a railroad track, waved the train down, and was the recipient of a regular old-time hugging match, as well as many nickels, dimes, quarters and halves at the hands of the passengers. He thought that was fine, and decided to try it himself, but it did not work so well in his case.

Rhodes will no doubt be handed a package about like six months or a year in the "gang" for his efforts to make a "hero" of himself.

AT THE CHURCHES TODAY.

Divine Services Will Be Held at All Places of Worship.

Services will be observed at the various churches of the city today as follows:

First Methodist Church—Sunday school at 9:30 a. m.; preaching at 10:30 a. m. and 7. p. m. by Rev. T. M. Christian, the evangelist, who is conducting daily services at this church; Epworth League at 3:30 p. m. Prof. Milam will have charge of the choir at both morning and evening services.

First Baptist Church, Rev. J. J. Cloar—Sunday school at 9:30 a. m.; preaching at 10:45 a. m.; subject, "State Missions." Junior B. Y. P. U. at 3 o'clock, Senior B. Y. P. U. at 6:15 p. m. There will be no evening service, and the congregation will worship with the Methodist people in their revival.

First Presbyterian Church, Rev. Thos. P. Hay—Preaching at 10:30 a. m.; subject, "Christ's Mastery of the Believer." Sababth school at 3 p. m. No evening service, account of the evangelistic services at the Methodist church.

Advent Christian Church, Elder J. T. Johnson—Preaching at 11 a. m and 7:30 p. m. Subject for morning, "Strength in Weakness;" evening, "The Birth of the Spirit." Sunday school at 10 a. m.; Young People's meeting at 7:15 p. m.; subject, "How Shall We Express Our Thanks to God?"

Holy Trinity Church—No announcement.

St. Patrick's Catholic Church, Rev. P. J. Lynch—Mass will be held at 10 o'clock a. m. Devotion of the Holy Rosary will be at 4 p. m.

What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without a scar. For sale by all druggists.

A DELIGHTFUL OCCASION.

Linen Shower Tendered Miss Robertson at Home of Mrs. Tousey.

One of the most delightful social functions of the season was the linen shower given at the home of Mrs. O. C. Tousey, South Pleasant street, Friday afternoon, in honor of Miss Gertrude Robertson, who is to be married Wednesday.

The house was beautifully decorated, the color scheme being green and white.

The bride-elect was handsomely attired in old rose mezlin. After the guests arrived they were ushered into the library, where a large umbrella filled with presents showered upon her.

From the library the guests were escorted to the dining-room, where delicious refreshments were served, when all present participated in cutting the cake. Mrs. Rachael Haile cut the ring, Miss Miriam McKinstry the thimble, and Miss Kittie Carlisle the dime.

The following were present: Misses Belle and Miriam McKinstry, Mrs. Robert McKinstry, Miss Daughtrey, Miss Scarratt, Mrs. W. T. Chesnut, Mrs. Haile, Miss Voyle, Mrs. Wilburn, Mrs. Saunders, Miss Kennedy, Mrs. Waugh, Mrs. Broughton, Mrs. C. S. Robertson, Miss Dickinson, Mrs. Sutherland, Mrs. Baird, Miss Baird, Miss Fleming, Miss Katherine Evans, Mrs. Padgett, Mrs. Wylie Edwards, Miss Carlisle, Mrs. Harvey Robinson, Miss Dean, Miss Heloise Vidal, Miss Evans, Mrs. Doig, Miss Dempsey, Mrs. Barrs, Miss Sadler, Miss Ellis, Miss Burkhim, Mrs. C. W. Chase, Mrs. Phifer, Mrs. George Martsteller, Miss Nettie Robb.

It's a Crime

To neglect your health. The worst neglect that you can be guilty of is to allow constipation, biliousness or any liver or bowel trouble to continue. It is poisoning your entire system and may lead to a serious chronic disease. Take Ballard's Herbine and get absolutely well. The sure cure for any and all troubles of the stomach, liver and bowels. Sold by W. M. Johnson.

Hunting Party Returns.

A jolly trio of hunters, comprising Albert F. O'Neill, George Evans, Jr., and W. T. Zetrouer, have returned from a three-days' hunt in the vicinity of River Styx, and report fine luck.

The woods aboud in fine squirrel at this season, and the prairie and marsh affords excellent duck and snipe shooting. One of the party states that nineteen squirrel were bagged the first morning out.

WALDO NOTES.

S. A. L. Railroad Having China Trees Cut Down.—News Notes.

WALDO, Nov. 20.—Section Master Fielding has had the china trees cut away at the depot according to a general order to destroy all such trees on the right of way of the S. A. L. railroad, as they harbor the whitefly, so destructive to orange trees. It is the only insect known to infest the china tree, whose leaves and berries are used to prevent the weevil in corn bins.

Orlando B. Weeks has displayed great taste and gone to considerable expense in fitting up his new quarters built for his tonsorial business. New furnishings include hot and cold baths with porcelain bath tub and lavatory, a new chair up to date in improvement, beautifully papered walls and painted floor and gas lights, so that the city-like appearance of the place is quite an invitation to come in, and Mr. Slocum will serve you right.

A negro, Will Kramer, who has been in the employment of Mr. Millican, jumped from a moving train of the S. A. L. and, striking a cattle guard, was killed, and his body was brought here on Friday and sent to Millican's still.

Mr. and Mrs. Hugh Williams have returned from their trip to Baltimore, where they purchased their stock of merchandise for their new store. The large brick building is being pushed to completion by Contractor Pope, the concrete floor now being laid. The business will be opened as soon as the building is ready. Mr. and Mrs. Williams visited Lynchburg, Washington and other points.

Henry Jones, the young negro who killed a negro woman in Tampa a few days ago while drunk, crushing her skull with a fence picket, was born and reared here and worked for C. R. Sparkman in his meat market. He began drinking, which led him to the crime of murder, before he left.

Mrs. Bailey has about recovered from her recent serious illness. Dr. Boring was her physician and Miss Entenza trained nurse.

Mrs. J. P. Entenza is here for a few days from Jacksonville to pack her household goods and have them shipped to that city, where Mr. Entenza has moved his cigar factory.

Rev. D. L. Branning was sixty-seven years old on the 29th ult., and he and Mrs. Budington-Branning, two years younger, were married forty-six years on the 15th inst. They have had eleven children and eleven marriages of their children. His mother had eleven children and her mother thirteen, making thirty-five for the three mothers. Rev. Branning has given over forty years' service free of charge to the church as a local preacher. Now, after a long, industrious life, he is laid on the shelf as it were, in ill health, and the old song is apropos: "Lay down the shovel and the hoe, Hang up the fiddle and the bow," etc.

J. L. Strickland is having the Reed house taken down by Contractor Stokes in view of using the material to build one or more cottages in that section of town, where he owns vacant lots.

Ten prominent citizens, accompanied by Commissioner Dampier, went out to prospect for a straightening of the public road to Santa Fe river, the county line. It being impracticable to construct a bridge on the present road, a new site was chosen, and the co-operation of Bradford county is expected to build a new steel bridge. This would put Waldo on the automobile route.

Mrs. Redd and S. L. Kramer have consummated a trade of places and they have moved into their new possessions. Mr. Kramer paid considerable difference.

A merchant corrects a statement made in a former note by saying he has recently been selling kerosene at 15 cents per gallon.

Christopher Neal went south to Okahumpka to be under a specialist for consumption, and is confined to the bed. Miss Nora Geiger, who is also affected, is still having fever.

Mrs. D. Hicks and Miss Daisy Hicks have gone to Jacksonville for a few days.

Does not Color the Hair

Ayer's Hair Vigor is composed of Sulphur, Glycerin, Quinin, Sodium Chlorid, Capsicum, Sage, Alcohol, Water, Perfume.

Show this to your doctor. Ask him if there is a single injurious ingredient. Ask him if he thinks Ayer's Hair Vigor, as made from this formula, is the best preparation you could use for falling hair, or for dandruff. Let him decide. He knows.

J. C. AYER COMPANY, Lowell, Mass.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Two Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this.

Jos. Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BASKET BALL GAME THURSDAY.

Town Team Goes Up Against the DeLand Girls.

Something new for the people of Gainesville to witness will be an exciting basket ball game Thursday morning, when a team composed of the young ladies of Gainesville will cope with the DeLand team for honors.

The town girls have been practicing for the past two weeks and have worked hard and gone to some expense, fixing the court, etc. Besides this they have the expense of six girls to defray from DeLand and back, so a large crowd is expected, and the earnest co-operation of everybody is requested.

An exciting game, from start to finish, is promised all who attend. Miss Mary Medlin, who coached a team at Brenau College, Gainesville, Ga., for a year and a half, has her girls up on all the fine points of the game, and having a very strong team, she feels very confident that they will be victorious. DeLand has had a strong team for years, so a fast game is assured.

The colors of the town team are red and navy blue. Let everybody come out and root. Remember the date, Thanksgiving morning, November 25th, (the hour will be announced later) at the ball park. Prices of admission, 25 and 35 cents.

HOWE'S GREAT LONDON SHOWS.

Stables a Veritable Horse Fair—Kentucky Thoroughbreds.

To select the kind of horses which have given Howe's Great Shows a national reputation for having the finest horses of any show on earth, much time, intelligence, patience and perseverance was required. For the baggage and heavy work the Percheron type of draft horse was selected, and for the hippodrome races was chosen thirty clean-cut Kentucky thoroughbred runners. Each year new stock is selected, always from the same breeds, and those that have been scarred, blemished or injured are culled out.

The mating up of the different teams is an object lesson to the eye, uniformity of size, color and style always predominating. When to the beautiful black, dapple gray and bay horses is added the cute Shetland ponies, it is not strange that the lengthy street parade of the Howe's Great London Shows is a most imposing and pleasing sight.

When Howe's London Shows exhibits here citizens will not only find the circus and menagerie exceedingly worthy of their patronage, but they will find that Howe's horse stables compose a veritable horse fair and they should always be visited. The visitor should not ask what becomes of these horses if they become crippled, as they will be displeased with the answer, which is that they are fed to the animals.

The big show comes to Gainesville Monday, November 29th.

The Sun office for calling cards.

Colonial Holi

THE open fire-place, the crackling logs, the roasting chestnuts, the jingle of sleighbells, the snow-mantled guests!

The festive board—the spotless linen—the quaint, old china, the family silver brought from its hiding place! The pride in that silver!

And now—your family silver? Is it the "Colonial" made in the historic old town of Newburyport, Massachusetts? If so, you have equal pride in yours.

This splendid pattern in Sterling Silver reflects all the courtly grace and dignity with which your great-great-grandsire led the cotillion or dispensed the hospitalities of the feast.

Are you prepared for your Holiday carving? We propose a bird set in the "Colonial" for your own use, or as an acceptable gift. Made in a complete table service.

Following is the vote as Nov. 19th:

EVERY MAN'S CAR"--THE 1910 BRUSH

The past year has brought forth many announcements of sensations" in the automobile industry, but all of these have been "dream sensations" founded on the hope of amateur designers and the faith of inexperienced backers.

The Announcement of the 1910 BRUSH FOR $485

created a real sensation—one built on the experience and the knowledge acquired by manufacturing the 3,000 BRUSH cars now in use.

new car in power (10 h. p. balance engine) smoothness of speed and looks, yet built on proven principles, by an organization already perfected.

The balanced engine is one of the greatest BRUSH achievements. The result is single cylinder simplicity, reliability, light weight, low gasoline and oil consumption, low tire cost—4 cylinder power and smoothness. The most wonderful improvement in motor car construction in years. The performance is almost unbelievable. You will swear it's a 4-cylinder. You must see it, in fact, you must ride in it to be convinced.

Has the wheel base has been lengthened six inches; has graceful and rakish lines; Mercedes type of radiator; selective control; universal coupling shaft; improved dust-proof commutator; multiple disc low and reverse clutches; transmission control levers entirely housed and oil tight; more quiet muffler.

Think of it, $485 for the best built, most thoroughly proven, smoothest running, easiest riding, most reliable, most economical, most powerful, handiest small car in America.

This magnificent new plant, designed and equipped for building the BRUSH in 10,000 lots, insures the limit of economy in manufacturing. The raw material is unloaded at one end of the factory, the finished product is put on the cars at the other end.

Every part is made in the BRUSH factory, except the tires, wheels and the electrical equipment. The buyer pays no parts-makers' profit.

The BRUSH has the fewest possible parts, but they are all of sufficient size and strength to stand the hardest knocks. Simplicity makes it possible to build a car right and still sell it at this wonderful price.

In the 1909 Glidden Tour the little BRUSH covered 2,636 miles in 15 days and finished in good shape in Kansas City. A lot more than can be said of some of the big cars.

In the "Little Glidden" at Minneapolis it finished with perfect road and technical scores and won the Gregg Trophy over three 4-cylinder cars.

It climbed Pike's Peak in 8 hours, every inch of the way under its own power.

It crossed the American continent. In 1908 it won the Algonquin hill-climb in its class. Barred in 1909.

In the Denver motor car run, Denver to Pueblo and return, the BRUSH was the only car out of sixteen—most of them big ones, too—to finish with a perfect technical score.

In the 1909 New York one-gallon fuel contest, the Brush made 40.6 miles on one gallon of gasoline.

In the Buffalo contest it made 41.2 miles on one gallon. This means less than ¾ of a cent a mile for fuel.

While in Atlanta last week only words of wonderment were heard expressed on every corner of this new car.

We purchased for 1910, 35 of the wonderful little cars and expect the first carload of ten early in December. Get in your orders early. ADDRESS OR PHONE 334.

D. C.

w students' John Marshal De- Society is arousing great in- mong the students. Their next for debate is, Resolved, That tory educational law should ted in Florida. Affirmative, and Epperson; negative, Crock- Johnson. Other speakers: Robbins, Small and Grinnalda. mber of new students have registered this week, two of are in the law department. One two is from Minnesota.

gricultural club was organized November 15th by the regular and "short term" agricultural students. Great interest was shown. The officers elected are as follows: O. F. Burger, president; F. L. Thompson, vice-president; H. P. Witherington, secretary and treasurer; B. B. Ezell, critic; F. J. Wilson, chairman program committee.

There are 261 correspondence students in the agricultural department up to date, and many requests for information about the course are being received daily.

The men from Escambia county are all mature young, or middle-aged, well qualified to profit by the special course in agriculture made possible by the liberality of the people of their county. A recent addition to this special class is a young man from Apopka, Orange county.

Dr. A. A. Murphree left Monday to join the forces now making such a successful educational campaign in Florida.

Prof. P. H. Rolfs, assisted by C. K. McQuarrie, were judges of farm products at the Pensacola Tri-County Fair

Dr. E. R. Flint lectured at Coleman on November 13th, on "The Panama Canal." The lecture was illustrated by stereopticon views. The lantern was managed by S. S. Holden. The lecture was well attended. While in Coleman Dr. Flint and Mr. Holden were most hospitably entertained by the Rev. Mr. Griffith, and Messrs. King, Condery and Coleman.

The Y. M. C. A. meeting was well attended last Sunday. The leader was G. J. Grace. Day of prayer for Y. M. C. A. work in colleges was observed. The Y. M. C. A. membership tickets have been received and are now being issued.

The Athenaen Club, consisting of the professors of the University and "Adant vires" of the town, met Friday night at Major Walker's residence.

The mechanical department of the University had an exhibit at Pensacola Tri-State Fair of fine tools and implements, besides specimens of woodwork, made by the students of the department. The exhibit was greatly admired and attracted favorable comments.

Many new books have been lately added to the already fine collection in the library. These books are now being catalogued and arranged on the shelves by the librarian, Mr. Hadley.

Work on the two new buildings is progressing nicely.

In a pond on the grounds alligators are to be placed so that their habits may be studied. Two alligators already have been presented to the University, one by Mr. Daughtrey, another by W. C. Taylor. It is hoped that others will be donated.

The first number of The Pennant has already been issued. The success of this periodical is evident, first on account of the well-equipped staff, and also on account of the great support it receives from the student body, who are producing good reading material. The short stories in The Pennant were very good, and Mr. Beauty Langston's was exceedingly fine.

A Hair Breadth Escape.

Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup. Price 25c, 50c and $1.00 per bottle. Sold by W. M. Johnson.

HIGH SPRINGS NEWS.

Children's Mission Band Render a Most Interesting Program.

HIGH SPRINGS, Nov. 20.—On last Sunday evening, at the Methodist church, a most interesting program was rendered by the Children's Mission Band, also a very interesting sermon on "Missions" by the presiding elder. The church was beautifully decorated with evergreens and cut flowers.

Mrs. J. W. Grimes of Jacksonville is visiting her mother, Mrs. R. B. Rives, for a few days.

Mrs. H. C. Cato has been indisposed for the past week.

The W. C. T. U. held its regular meeting on Monday afternoon, at which time delegates were elected to attend the State convention.

Mrs. H. McL. Grady and Mrs. Jas. Paul attended the annual Federation of Woman's Clubs at Palatka this week.

Mrs. Cora Brantley and daughter of Tennessee are visiting Mrs. J. D. Neal.

Mrs. L. C. Gracy of Gainesville visited relatives in town this week.

J. A. Stephens, the popular druggist, went away the other day and when he returned to the surprise of his many friends he did not return alone, having been quietly married to Miss Zola Simmons of Monticello. Miss Simmons is no stranger in our midst, having at one time spent several months here, where she made a host of friends who wish them a long and happy life.

We are sorry to report sickness in the family of Mr. J. D. Neal. Both his mother and little son have been quite sick.

On next Wednesday evening, November 24th, there will be a silver medal contest at the school auditorium. Everybody invited.

There was a delightful party tendered the young folks at Mrs. J. B. Lyons' last evening, which was enjoyed by a large number.

Rev. J. C. Rogers preached for the Alachua saints on last Sunday.

Sick Headache.

This distressing disease results from a disordered condition of the stomach, and can be cured by taking Chamberlain's Stomach and Liver Tablets. Get a free sample at any drug store and try it.

Children's Brigade.

The Children's Brigade of the Methodist church will meet this afternoon at 2 o'clock. Let all the members remember this is Thanksgiving mite-box opening day.

EFFIE ROLFS, President.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all druggists.

—MRS. McCORMICK'S— MILLINERY ART SCHOOL

—NOW OPEN—

At Mrs. McCormick's Millinery Parlors, West Side Court House Square, Gainesville, Florida.

A complete and thorough course of instruction in the Art of Millinery Designing will be taught by Mrs. McCormick, who is a graduate in Millinery Art Designing. Course runs from two to three months. Rates reasonable. For particulars call on or address MRS. F. T. McCORMICK, Gainesville, Florida.

Dr. Waldo DENTIST

Has Removed to

Edwards & Flowers, 219 E. Liberty

DAILY
The Sun

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

H. H. McCREARY..Editor and Publisher

J. R. MERCHANT.....Business Manager

F. M. PREWITT..Supt. Composing Rooms

Office in Haymans Block.
213 W. Main Street, S. Telephone 219

The Daily Sun, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address,
THE DAILY SUN,
Gainesville, Florida.

Alabama policemen, it is said, open the grips of travelers to see if they contain whiskey. Alabama must indeed be dry, if the cops are put to such desperate expedients as that.

As we usually begin to remark about this date: Do your Christmas shopping early and avoid the rush. For, although this is another spring day, we predict with confidence that Christmas is a-coming.

A long-drawn-out fall, under ideal weather conditions, has revived predictions of a mild winter. Some say the earth will for a long while get some warmth from Halley's comet, which is headed this way. If the prevailing warmth may be attributed to such a cause one wonders, however, if there is not danger of some of us getting a little too warm.

Judge L. J. Reeves of Pensacola, candidate for United States Senator, was in Gainesville during the past week, and the editor regrets his absence from home when the distinguished gentleman called at The Sun office. He is making a preliminary tour of the State in the interest of his candidacy, renewing old acquaintances and forming new ones, and we understand that he is well satisfied with the "lay of the land" so far. Judge Reeves is an able campaigner, and the other candidates will find him a foe worthy of their steel before the close of the first primary.

There is nothing the matter with this beautiful weather, except that it is dusty, and so much additional vegetable and mineral dust is bad for the throats of city dwellers. Breathe through your nose; that's what it was put on your face for. It is so arranged that it filters dust out of the air and prevents it getting to the delicate interior membranes. It is a good scheme to douche the nose occasionally with some antiseptic astringent, as a solution of glycothymoline or listerine. Clean and strengthen the throat membranes by gargling the same solutoin. Keep your mouth shut, except when talking or eating or drinking—and do not be intemperate in any of these necessary exercises.

Jacksonville is crowded to overflowing with people who have already assembled to attend the great race meeting which begins there next Thursday. Every species of humanity is to be seen on the streets of the city, from the well dressed "sport" whom luck has favored to the fellow who hangs around the lunch counter for a "hand-out." A few of the old-time race-horse owners, and retired jockeys who landed winners of thousands back in the eighties, are there also, but most of them have gone to the great beyond. "Snapper" Garrison, who was about the best jockey in the days of the great racers—Kingston, Hanover, Tenny, Salvator, Proctor Knott and others—is there with a few horses of his own. In fact, about all that is left of the "Old Guard" of turfmen are now to be seen in the hotel corridors, and all of them speak in high terms of the Moncrief Park race course, which for the next few months will be the scene of some fast racing.

ITS BEST YEAR.

The rapid progress of the University in all of its activities during the present session is gratifying to the friends of the institution throughout the State. There are now enrolled in all departments, 163 young men, as against 87 at this time last year. Almost every county in the State is represented. This is the largest enrollment in the entire history of the institution. During the first year of the University, while at Lake City, there were enrolled 136 students in all departments. At this time the University had two grades lower than the present sub-freshman class of the University. Besides this, it had a Normal Department and a Department of Pharmacy. It must also be remembered that this enrollment followed the abolishment of all of the State Institutions in 1905. In 1906 the total enrollment was 102. In 1907-8 the total enrollment was 103. In 1908-9 the registration was also 103.

Not counting the Law Department there are now enrolled more students in the University than were ever matriculated in the institution.

The spirit of the student body is excellent, as is also the conduct of the men. The faculty is greatly encouraged by the fine spirit of the student body and the application and industry that are manifested by the students in every department of the University. Indications point to an extremely satisfactory year in all respects and a continued increase in attendance and greater prosperity in the University in the year to come.

A CAUSE OF MOB LAW.

A Savannah dispatch tells how Jamse D. Decries has been sentenced to 20 years in the penitentiary for an assault upon a fourteen-year-old girl near the outskirts of that city. The girl's story brought tears to the eyes of spectators, and the dispatch told how this was the third time Decries had been tried for similar offenses. Judge Charlton, in passing sentence, told Decries he was fortunate in escaping with so light a sentence.

There can be no doubt that this defendant was fortunate, but what were the considerations that led to a light sentence? A negro would of course have been lynched, and as likely as not, if this girl has any friends, they are wondering at the moderation shown by them at the time the crime was committed. And a lot of other people have doubtless concluded what course they will pursue the next time a crime of that character is committed in that community. After the lynching of two men at Cairo, Ill., recently, the mayor of the town gave out a formal statement saying there was little doubt that the sympathy of the community was with the mob, that there has been no end of murders during the past ten years, but not a single hanging.

The course of justice would run so much smoother, if the punishment of defendants could be made better to fit the crime.

The latest mine disaster at Cherry, Ill., costing the lives of perhaps 400 men, reminds us that the life of the miner is still one of constant and extreme danger. After years of agitation the dangers may have been lessened somewhat by the adoption of precautionary measures; but there is still what the railroad people call the uncertain human element, which does not always take account of consideration of life and death. The criminal carelessness of a miner, in throwing a lighted torch into a pile of hay; and there very naturally followed an explosion. It is hard to plan for or legislate against the man who will throw a torch into a pile of hay hundreds of feet under ground, or who rocks the boat.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

THE FARM BOY'S CHANCES.

But what inducements does the business of farming in the South hold out to the strong, ambitious boy? Why, just about everything, says A. L. French in The Raleigh (N. C.) Progressive Farmer. Do people talk about the greater opportunities of twenty years ago for the young man who would make a success in agriculture? Just laugh at them, for there was never such an opportunity in the history of the ages as stands beckoning to the young man on the farm today. We have just begun to study the science of agriculture—are just beginning to find out that ours is a business that requires brains to handle, and the young man of today is training his brain in the line of his business. What this brain force means to the agriculture of the South we will begin to realize within ten years.

I tell you, boys, I wish for no greater pleasure than to be privileged to go along with you for the next few years and see the things that applied science will bring about on your farms, for it is going to be something worth while. We are going to see our ten-bushel wheat crops increased to twenty and from twenty to thirty. Our twelve and fifteen-bushel corn crops are going to fifty, and some of you are not going to be content with less than one hundred bushels per acre; and our third-of-a-bale crops of cotton are going right up to a bale per acre, and then to two bales.

Our beautiful Southern country will be cleared of brush and briars, her soils filled full to bursting with humus. The galls and gullies will be a thing to look back to with shame, for we will have learned (what men ought to have learned years ago) that grass is the great soil builder and binder.

Vagaries of a Cold—You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. Do not be alarmd nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller—Perry Davis'.

Help build the rock road to Newnan's lake.

THE FARAWAY STARS

Their Color Serves as an Index to Their Age.

WHAT MAKES THEM TWINKLE?

Two Theories That Deal With This Astronomical Enigma—The Intervention of Fragments of Disrupted Worlds or the Effect of Air Currents.

This is a question that has perplexed more than one gentleman of science. Of course it is known that only the stars twinkle, the planets giving out a steady light. That is the way we tell a star from a planet with the naked eye.

But why does the star twinkle at all? The answer to this seems to be on account of the greater distances of the stars, the nearest fixed star being several thousand times farther from us than the farthest planet. So around this as a starting point have been built two theories. One is that as the visual angle, or angle subtended by the star from the eye, is so very small that very small bodies in space coming between the star and the eye would give the effect of twinkling.

Now, as regards those small bodies actually being in space as hypothecated there is no doubt, for there are millions of fragments of disrupted worlds flying around in orbits about our sun. The only question is whether there are enough to cause the eternal twinkling that is observed. Science cannot say that enough do not exist, for she cannot perceive the existence of the smallest fragments that actually could cause this effect, even with her finest instruments.

To illustrate, then, my meaning as regards this covering of the visual angle, suppose you take a dime between your thumb and finger and hold it between your eye and the moon until it just covers the moon. It will be found to be quite close to the eye. Now take a quarter and hold it so that it just covers the moon. Its distance is at once seen to be about four times the dime's from the eye. Thus it is seen that the farther outward the object is placed the larger the object necessary. This is in accord with what is known as the law of inverse squares.

But now take a dime or even a pin head, and no matter how far you hold it from the eye it will easily cover the largest star in the heavens. This is on account of the enormous distance of the star, the lines drawn from its sides to the eye inclosing an angle so minute that almost anything will fill it. So thus we see that this theory is not impossible, though perhaps somewhat improbable.

The other theory bases its argument on the air currents. Air currents are caused by light and heated air rising and cold and heavy air taking its place. Now, when light goes from a heavy to a light gas, or vice versa, it is bent one way or the other. So this would certainly happen to the light from all the heavenly bodies. The reason it is not noticed in the case of the planets or the sun is that they send us many more rays as compared to the stars.

Many reasons are put forward to show the truth of this theory. A star twinkles more on the horizon than it does in the zenith, for its light has to come through a greater thickness of atmosphere; also greater twinkling is observed in winter than in summer, and when rapid and brilliant twinkling is seen it is a very good prophecy of rain or snow, as it shows the upper regions of the air to be in a state of rapid motion of varying air currents, hot and cold currents meeting, commingling and rotating probably.

This also accounts for the changes in the brightness of a star, for at times a part and not all of its light is bent away from the eye. It has been noticed also that a star's color has something to do with its twinkling on account of the different refractivities of the different colors. A white or blue star, such as the Dog star, twinkles most; next comes the yellow and last the red. If one cares to look for a red star, Betelgeux is one and can be found in one corner of the constellation Orion.

A rather interesting thing has been ascertained in astronomy as regards the relation between the color of a star and its age. The white or blue stars are considered young or in the prime of life, with many more million years in their career, while a red star, as Betelgeux, is on the wane and will gradually go out in the next few million years. See if it doesn't! The yellow stars of course come between the blue and the red in point of age. It is encouraging to find that our own sun is classified as a white star.—A. L. Hodges in Cincinnati Commercial Tribune.

Weighing Diamonds and Gold.

The weight of diamonds and other precious stones is expressed in carats, grains and quarter grains. They are pearl grains, one of which is equal to four-fifths of a troy grain. Four quarter grains make one grain and four grains one carat. The fineness of gold is also expressed in carats. Pure gold is twenty-four carats fine. The carats, therefore, indicate the proportions of alloy. Most of the gold used by jewelrs is about fourteen carats fine, having ten parts of alloy.

The Pessimist.

The pessimist stands beneath the tree of prosperity and growls when the fruit falls on his head.—Success Magazine.

He is often the wisest man who is not wise at all.—Wordsworth.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination

THAT

ABSTRACT

Is something a real estate investor will never do without—it's his sole protection against a faulty title. Why not have us draw you up an abstract of your prospective investment so that you'll not be buying something "in the dark?" The cost is certainly nominal—and when compared with the amount involved looks ridiculous indeed to do without it.

Accurate, complete work.

Fancy and Stylish Livery

S. M. DAVIS
"Old Stand With New Name"

Cockades and Buttons.

The cockade originated simply in the knot of ribbons or strings by which the broad flaps of the seventeenth century round hat were "cocked" or drawn up to the brim in fine weather, and thus originated the three cornered hat as well as the cocked hat of later times. There was nothing specially military about the usage, as the ignorant assert. The same strings survive in the loops of the hats of bishops and other ecclesiastical dignitaries in Great Britain, in the strings of the hats worn by French cures and Spanish and Italian padres and in the cords which are still seen on the hats of some livery servants.

It naturally became the custom for military men to "cock" their hats with the livery color of the prince they served, and as the Hanoverian color was the convenient one of black the "black cockade" became associated in the minds of the people with military uniform. In an old Scotch song of Shirramuir, citing "Woodword's Heraldry," we read of "the red coat lads with black cockades," and a knot of white ribbons was naturally chosen as the badge of their opponents. When the old use of the strings was forgotten the knot, in the form of a rosette of ribbon, survived, just as did the buttons on the backs of our coats, which were intended to fasten back the flaps in riding or marching.—"Justice of the Peace."

Striking a Comet.

If we ask the effect of a comet's striking the earth we will readily see that if the head of the comet were composed of bowlders a collision would have disastrous consequences. A rain of millions of great meteoric stones would, of course, bring catastrophe. If, however, it were merely a rain of small particles or dust we might never become conscious of it, for the particles would never reach us. They would be fused into gas through friction with our atmosphere many miles before reaching the surface. If the gases liberated by friction were in excessive volume we might suffer discomfort or even disaster. It is estimated that hundreds of millions of meteoric particles strike our atmosphere every day. This would be a serious matter if we were not protected by our great sheltering envelope of air. Occasionally a meteoric bowlder is large enough to resist the heat generated by this friction and reaches the surface. This we call a meteorite. The now established connection between comets and meteors is a matter of great interest.—Ralph B. Larkin in North American Review.

"Choir."

Churchgoers who follow the service in their prayer books would certainly miss the "dear old phrase" concerning "quires and places where they sing," and in time the old fashioned "quires" may be made new fashioned again by the coming of rationalized spelling. "Choir" was a most unnecessary outrage upon the language. The old English "quer" or "quere" became quite naturally "quyer" or "quire," and so it remained until the end of the seventeenth century, when somebody seems to have introduced "choir" because it looked more like the French "choeur," as if that were a valid reason. There could have been no danger of confusing a church "quire" and a "quire" of paper, which is a different word, the French "cahier," probably from Latin "quaternarium," a collection of four leaves.—London Standard.

Locked Shah in House of Commons.

A shah of Persia, who made a state visit to England in 1873, had a curious experience in the distinguished strangers' gallery of the house of commons. He soon got tired of watching the legislators at work, but when he made a move to go he was told he could not leave the gallery. It happened at that moment that a division was called, and in accordance with the practice which then prevailed all the doors of the house were locked until the vote was taken. Mr. Gladstone made an interesting comment on the incident. "It is," he wrote in his journal, "probably, or possibly, the first time for more than 500 years that a foreign sovereign has been under personal restraint of any kind in England."—Westminster Gazette.

Her Reason.

"It is awfully good of you to let me have a dance," a young man remarked gushingly to his partner. "I can't think what made you so kind."

"No?" the girl rejoined. "Why, don't you know that it's a charity ball?"

THE SUIT YOU THOUGHT ——WAS RUINED——

WORNOUT MOUNTAINS.

Laurentian Highlands the Oldest Land in the World.

Stretching across Canada north of the St. Lawrence and ending in the regions about the source of the Mississippi is a range of low granite hills called the Laurentian highlands. These hills are really mountains that are almost worn out, for they are the oldest land in America and, according to Agassiz, the oldest in the world.

In the days when there was nothing but water on the face of the globe these mountains came up, a long island of primitive rock, with universal ocean chafing against its shores. None of the other continents had put in an appearance at the time America was thus looking up. The United States began to come to light by the gradual uplifting of this land to the north and the appearance of the tops of the Alleghenies, which were the next in order. Later the Rockies started up. The United States grew southward from Wisconsin and westward from the Blue Ridge.

An early view of the country would have shown a large island which is now northern Wisconsin and a long, thin tongue of this primitive rock sticking down from Canada into Minnesota, and these two growing states looking out over the waters at the mere beginnings of mountain ranges east and west. They were waiting for the rest of the United States to appear.—Charles D. Stewart in Atlantic.

BOILED IT DOWN.

What the Lovers Intended to Say and What They Did Say.

What he intended to say: Lucille, I cannot tell you how I have waited, how I have longed for this moment. Do you remember, Lucille, the first time we met? Well, I loved you from that moment. Are you surprised? I could not help it—I felt as though fate had drawn us together. Only tell me, darling, that some of my love is returned. There must be hope for me—say there is! (Takes her hands.) I love you—love you more than words can tell. All I ask is that for the remainder of my life I may be your willing slave. All I desire is your happiness. Tell me, sweetheart, that my love is reciprocated. Will you be mine? (Kisses her.) Darling, at last my happiness is complete.

What she intended to say: Why, Jack! I did not dream of this! I have always thought of you merely in a friendly way, and it seems so strange now to have you speak of love. I suppose I could get used to it in time. Yes, I might learn to love you a little—just a little. But you must really, Jack, give me some time to readjust myself. What! Kiss me! You silly boy! Well, just one.

What they said: Jack—The fact is, Lucy, I—I—I—will you marry me?

Lucy—Oh, Jack!—New York Journal.

Simplified Oratorios.

The new minister was consulting the organist as to the music to be sung on his first Sunday.

"And besides the hymn tunes," said the organist, whose daily occupation was that of plumber and iceman for the village, "we always have two selections from the choir, from real classical music, generally from one of Handel's or Haydn's oratorios."

"Why, that is good news," said the minister, who was no mean musician and had a cultivated taste and ear. "But don't you find the music rather difficult for untrained singers?"

"Well, they aren't untrained, for I train 'em," said the organist with some resentment. "And, besides that, where the music's difficult I alter it for 'em. I strike out all the cadenzas and trills and things of that kind, and where the tune runs too low or too high I either set it up or down an octave, or if I can't do that I just have 'em quit singing, and I put on the vox humana stop and play the tune till it gets into their range again. It's easy enough when you know how to do it."

His Awful Mistake.

Mr. Newrich—I understand the orchestra is to play one of Doorknob's compositions tonight. Mrs. Oldstock—Doorknob? Doorknob? Ah, I suppose you mean Handel!—Chicago News.

Wanted a Wife.

"No, sir; my daughter can never be yours."

"I don't want her to be my daughter," broke in the young ardent. "I want her to be my wife."

Athens Saved by Poetry.

When B. C. 404, after a heroic struggle, Athens, the "City of the Violet Crown," was captured by Lysander there were not wanting clamorous voices to urge that the city whose lust for empire had brought such woes on Greece ought to be laid level with the ground.

The Spartan general at first lent a willing ear to his powerful allies, but while the council was still debating this momentous issue a plaintive voice was heard from the city walls chanting those noble lines from the "Electra" of Euripides, that most human of the poets of Greece, in which the heroine contrasts her fallen lot with the splendid exploits of her father, who had dismantled the towers of Troy.

Lysander bent his head and pondered on fortune's cruel reverses. Triumphant as Agamemnon, who could tell but that he might be reserved for a fate as cruel? The lesson of moderation was accepted. Athens was saved.

Milton has immortalized this dramatic event in one of his best known sonnets:

The repeated air
Of sad Electra's poet had the power
To save the Athenian walls from ruin bare.

Comets and Great Men.

It is somewhat remarkable how often the death of an eminent person has been marked by the appearance of a comet. A certain writer, indeed, after going through a list of comets for 600 years, says that it is "as if God and nature intended by comets to ring the knell of princes, esteeming bells in churches upon earth not sacred enough for such illustrious and eminent performances." To mention only a few, Lotharius the Younger, Louis II., Charles the Bald, Theotilion, bishop of Tours; Henry II. and Richard I. had their knells thus rung by comets. Even in Shakespeare's time the comet was considered a fitting accompaniment to the obsequies of kings:

Hung be the heavens with black, yield day to night.
Comets, importing change of times and states,
Brandish your crystal tresses in the sky.
And with them scourge the bad revolting stars
That have consented unto Henry's death.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with services which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warrin's Cave, and Lake Newnan, all of which are reached by private conveyance.

Boring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms
One express office.
Five mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Four furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
One photograph gallery.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
One moving picture shows.
Florida Winter Chautauqua.
Complete sewerage system.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
The Diocesan School of Florida.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."
The finest opera house in the State outside of Jacksonville.
A Government building now being erected to cost when completed $150,000.
Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.
An $85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

FREE PIANO CONTEST

GRAND PRIZE ONE

Fine Mahogany Piano

AND TEN $100 CERTIFICATES

Total Cash Value $1,275.00

To Be Given Away By

L. C. SMITH, JEWELER

To Citizens of Alachua County and Will Close on

December 31, 1909

Having arranged this business with one of the best Piano Manufacturers in this country to supply us with the following Piano, Style 17, guaranteed ten years:

Case is double veneered inside and out, inside with beautiful white maple, well finished; outside with beautiful mahogany. Semi-colonial in style, with pilasters and trusses to match its appearance. Full empire top with drop molding.

Cheeks and toe blocks built up of many thicknesses to insure absolute stability in wear. Case is equipped with compounded key bottom to insure stability and uniformity of touch. Back is made of quarter sawed rock maple, consisting of six posts.

The sounding board is of California spruce, cross ribs of the same material, running at right angles of sounding board from corner to corner of the entire width of the sounding board area.

Treble and bass bridges laminated and built up of many thicknesses of the choicest quarter sawed maple, pin block laminated and built up of five different layers of wood, insuring absolute stability of instrument to stand in tone. Imported German tuning pins and strings, double repeating wood flange action, splendidly regulated, and 13 pound hammers of the choicest material; white mass strings; ivory keys of a splendid quality of ivory; noiseless trap work and three pedals.

The iron plate of this piano is extra heavy reinforced and of the best bell metal, plate is finished in dark olive green. Guarantee is cast in top of plate. This piano is equipped with double wheel castors.

We will give one vote for each penny spent with us in our different departments. Watch out for our ad. in every issue of The Sun. Cut it out and bring or send it in to us and we will allow 5 votes on each or the amount stated thereon. Our first ad. will allow anyone entering the race 100 votes. The only ballot box will be found in our establishment, where you are to vote. Branch office of Manufacturer in Cincinnati, Ohio, from whom the Piano for this contest was purchased, have agreed to redeem through us the ten $100 Certificates as follows: One certificate each for $100, which will be redeemable in cash as a payment on any piano they manufacture.

RULES AND REGULATIONS.

1. The contest is open to anyone living in Alachua county who is known by the conductor of the contest or vouched for by some reputable person, to them well known.

2. No empolyee, attache or relative of the proprietor of L. C. Smith are eligible to participate in this contest, and will participate in no manner.

3. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

L. C. SMITH'S PIANO CONTEST

VOTING COUPON—Good for

10 VOTES

For _____

Address _____

This coupon may be cast at our place of business.
NOT GOOD AFTER NOVEMBER 30th, 1909.

AUTUMN STYLES FOR MEN

As shown in our new shoe stock exhibit some very desirable shapes in patent leather, calf and kid. If your occupation keeps you out of doors all day we have a solid, sturdy, double-sole style that is neat, but very substantial. Something lighter for indoor wear; while our dress shoes are marvels of grace, beauty and comfort.

No votes can be solicited in our store. Request your friends to get votes and bring them to you, or vote them for you while in our store. We have to do this in order to make contest fair to all contestants.

NEWS FROM ALL PARTS OF FLORIDA

Talk of contesting the wet and dry election in Lafayette county has ceased.

Fifty carloads of lettuce left Sanford week before last and as many left last week.

Sponges are said to be coming in fast now at Tarpon Springs. The sale at the Sponge Exchange is brisk.

The infant son of Mr. and Mrs. Will Pounds of Orlando died Tuesday and the body was taken to Ocoee for interment in the family lot.

Gadsden county has caught the good roads fever and during the next twelve months expects to spend $200 per mile on fifty miles of road.

Oranges and grapefruit are said to be coloring up fast at Winter Haven and very little green fruit will be shipped from that place this season.

The need of a new steamship line between Jacksonville and Honduras ports was discussed at a meeting of the business men of Jacksonville Friday night.

Jesse Alspaugh of Orlando was recently fined $10 for exceeding the speed limit in that city, and Louis Galland was fined $5 for riding without a light.

A millionaire of Bordentown, N. J., anxious to get to his winter home in Sarasota, chartered a train from Tampa to take him there. The price paid for his ticket was $120.

There now appears to be more corn in Gadsden county than in three years, and if nothing prevents the present hog crop will be large, and more pork saved than for several years past.

The Supreme Court of Florida last week handed down a decision in which every Floridian any way connected with real estate transactions will feel interested. The court ruled that real estate men must not boost the prices to their own interest.

The yacht clubhouse which is under construction at Seminole is almost completed, and will soon be ready for all the season's gaities. The membership of the club is increasing and several new motor boats will be launched next month.

The Archer citrus grove at Seminole has been purchased by two of Tampa's most enterprising business men, and in a short time, with the work and improvements they intend putting on the place, they will make a beautiful and profitable grove.

Pensacola has been chosen as the next meeting place for the Waterway Convention. Senator Duncan U. Fletcher of Jacksonville was re-elected president of the Atlantic-to-Gulf Inland Waterways Association at the meeting which has just closed.

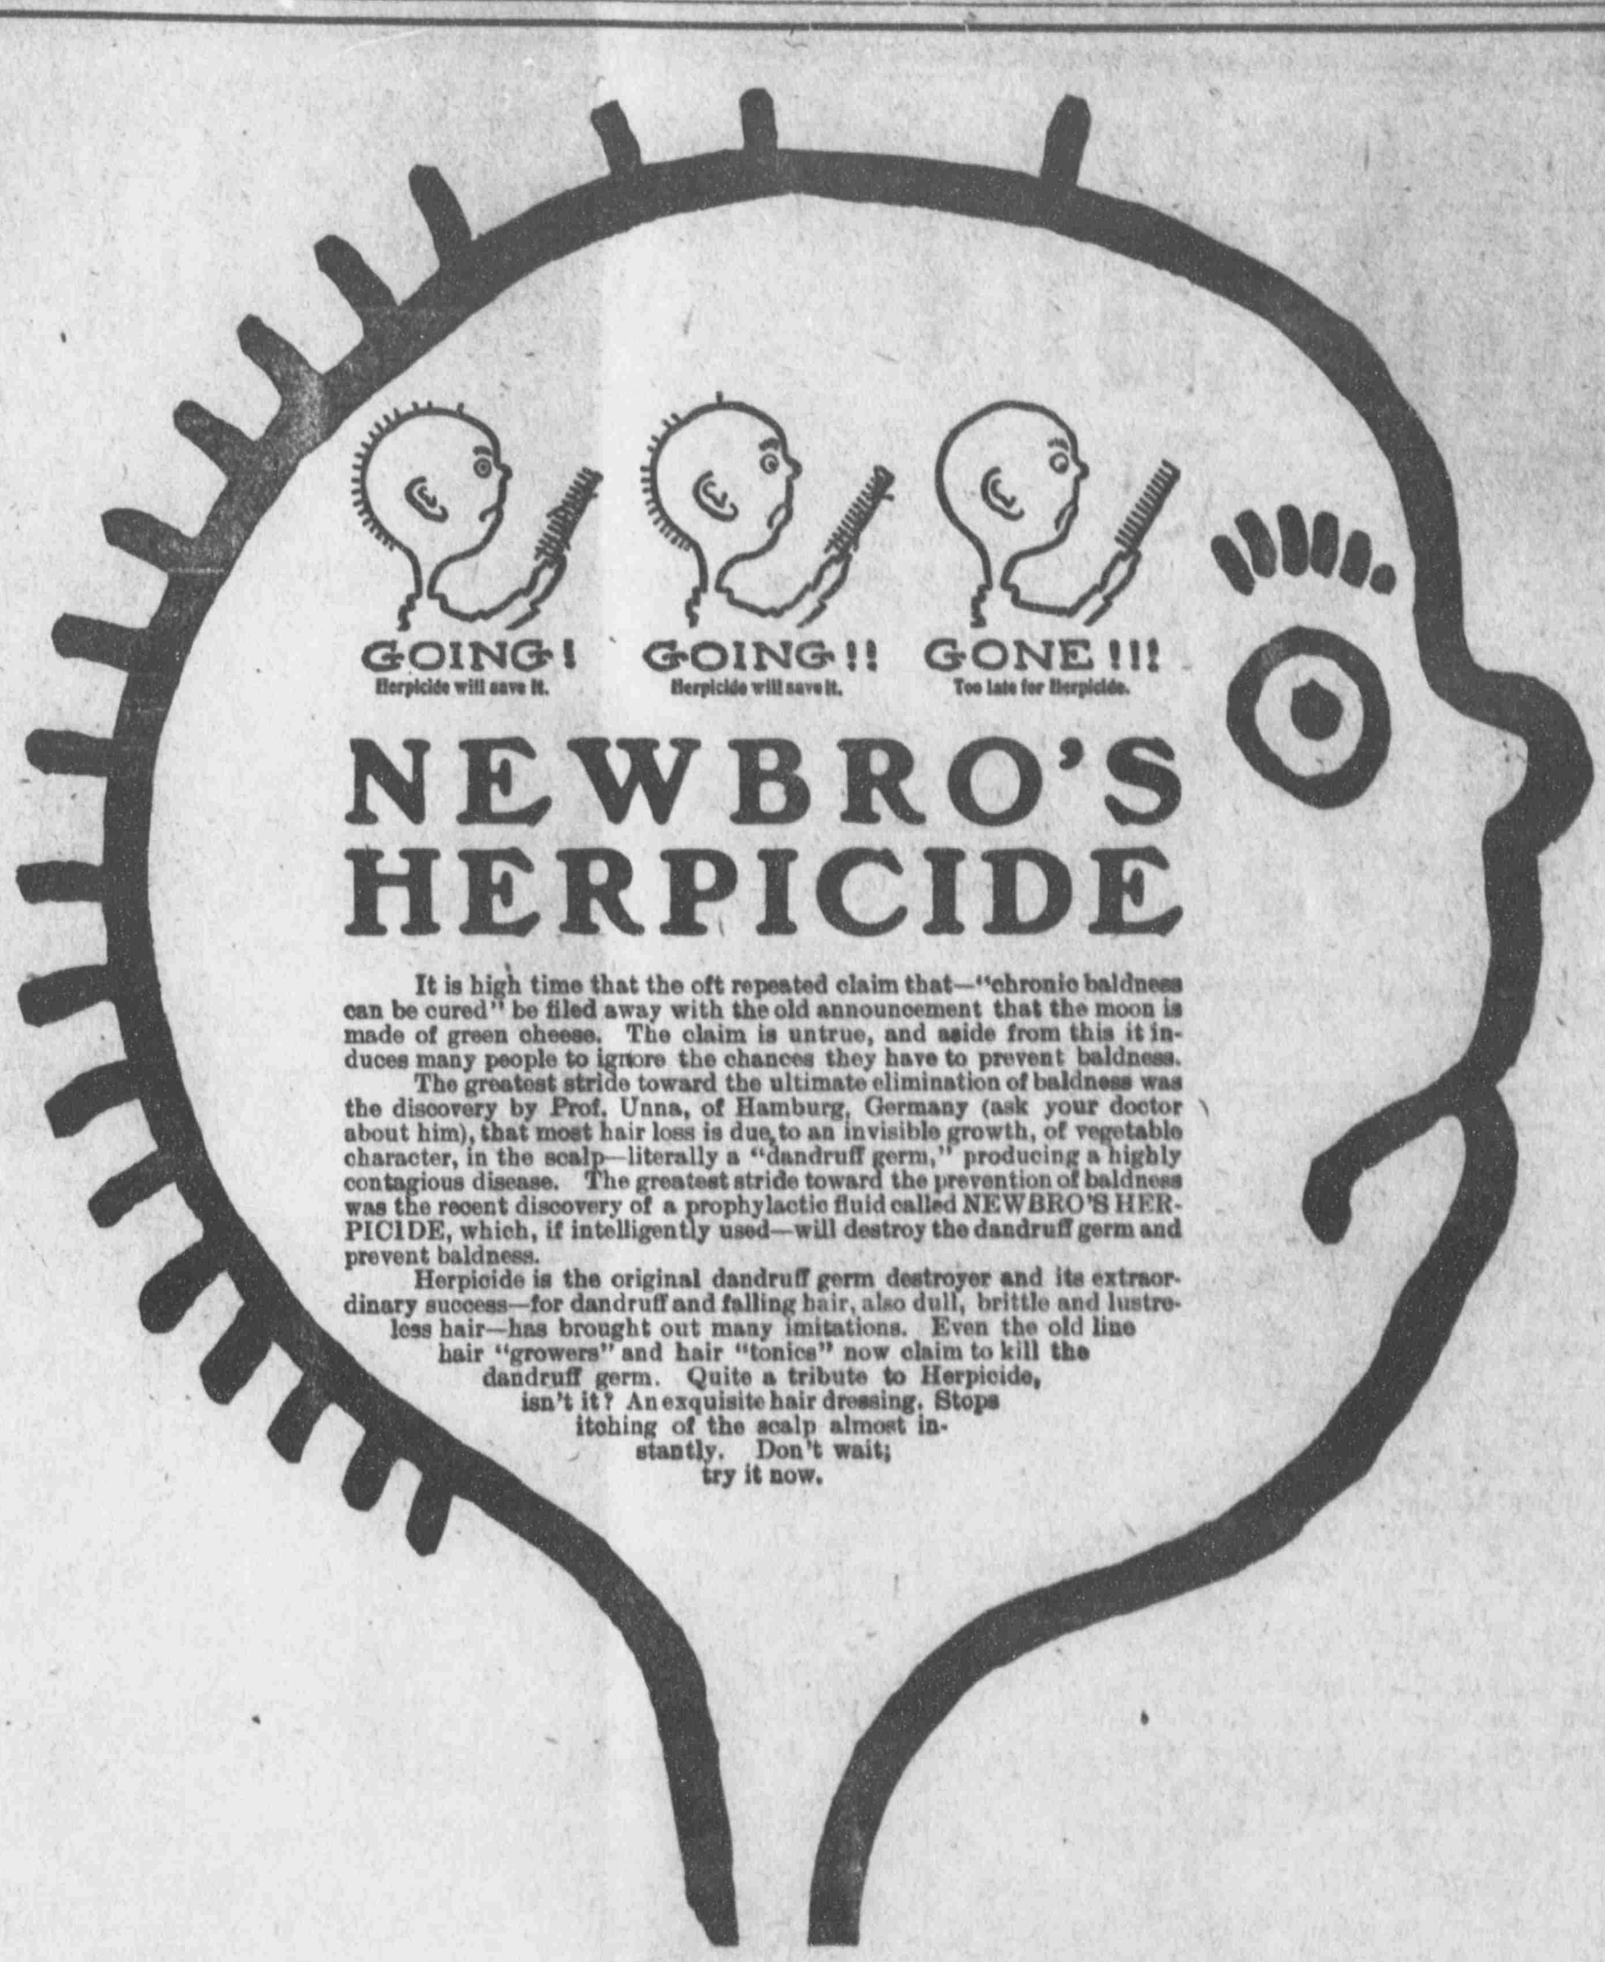
George Fortunis, a Greek diver, suffocated out on the sponge fields at Tarpon Springs last Sunday. The rubber hose drifted under the power boat and the propeller cut the hose. The man was in about sixty feet of water and it was impossible to save his life.

Captain Berry Axelson, who for many years owned and commanded the schooner Hjalmar, out of Pensacola, died Tuesday night at the Emergency Hospital in Tampa of acute Bright's disease. Captain Axelsen was said to be one of the best-known captains running along the West Coast of Florida.

One of the largest fish that was washed up on the beach at Boca Grande by the recent Key West hurricane still remains there. This one is eighteen feet long. Passenger Agent E. C. Hoskins of the C. H. & N. railroad is going to take the bones out of the fish whole, and they will be exhibited first in Jacksonville, then in Tampa.

A WOMAN'S APPEAL

To all [illegible] sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia, we want to write to her for a home treatment which has repeatedly cured all of these torturing ills. It is her duty to send it to all sufferers FREE. You cure yourself at home at trifling cost, without change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, restores elasticity and tone to the whole system, and gives relief and comfort. Don't delay, but write to-day. Address Mrs. M. Summers, Box [illegible], Bath, N. Y.



NEWBRO'S HERPICIDE

It is high time that the oft repeated claim that—"chronic baldness can be cured" be filed away with the old announcement that the moon is made of green cheese. The claim is untrue, and aside from this it induces many people to ignore the chances they have to prevent baldness.

The greatest stride toward the ultimate elimination of baldness was the discovery by Prof. Unna, of Hamburg, Germany (ask your doctor about him), that most hair loss is due to an invisible growth, of vegetable character, in the scalp—literally a "dandruff germ," producing a highly contagious disease. The greatest stride toward the prevention of baldness was the recent discovery of a prophylactic fluid called NEWBRO'S HERPICIDE, which, if intelligently used—will destroy the dandruff germ and prevent baldness.

Herpicide is the original dandruff germ destroyer and its extraordinary success—for dandruff and falling hair, also dull, brittle and lustreless hair—has brought out many imitations. Even the old line hair "growers" and hair "tonics" now claim to kill the dandruff germ. Quite a tribute to Herpicide, isn't it? An exquisite hair dressing. Stops itching of the scalp almost instantly. Don't wait; try it now.

Send 10 cents in stamps to THE HERPICIDE COMPANY, Dept. L, Detroit, Mich., for sample and booklet.
ONE DOLLAR BOTTLES GUARANTEED. At Drug Stores. When you call for HERPICIDE, do not accept a substitute. Applications at prominent Barber Shops.

See Window Display

Hyde's Great Sale.

As will be observed by the page advertisement in this issue, the great Mill Factory Syndicate Sale is still on at the daylight store of the G. W. Hyde Company. The feast of bargains they offer in seasonable goods cannot fail to attract the ladies, and the crowd which throngs their mammoth establishment from opening to closing demonstrates that the public is taking advantage of the opportunity to obtain goods at real bargain prices. Read their advertisement and visit their store early, or you may miss the opportunity to get what you most desire.

Meeting Auto Association.

A meeting of the Gainesville Automobile Association is called for 10 o'clock Monday morning, in the council chamber.

This meeting will be held for the purpose of making final arrangements to meet the Tampa Automobile Club party in the endurance race. The party will arrive here Tuesday afternoon, and will remain until Wednesday morning.

A full attendance is requested at the meeting Monday morning.

At a meeting of the board of public works held in Tampa Tuesday the contract for building the City Hospital was formally let to Teasley & Ridden of that city. The building complete will cost something like $25,000, which will leave $5,000 of the appropriation for the furnishing. The architects have been ordered to prepare plans for a complete and thorough system of heating.

ANOTHER VICTORY FOR FLORIDA TEAM

UNIVERSITY'S HUSKY LADS DEFEATED OLYMPICS WITH EASE.

Many Brilliant Plays Were Made, Which Demonstrated That Florida Outclassed Their Rivals.

Again the Florida University football team met and conquered, having won over the strong Olympics of Jacksonville on the local gridiron Saturday afternoon in one of the most spectacular and scientific games ever witnessed here. The score was 11 to 0 in favor of Florida.

And when it is said that Florida defeated the Olympics it is saying a great deal, for the visitors are well-up on the game, as was demonstrated by their brilliant playing at various stages of the game.

The weather conditions were most favorable, with the result that quite a number of enthusiasts and admirers of Florida's team were there to encourage the boys and lend their husky cheers in pushing them on to victory.

While it is true that the Olympics are well-up in the game, it is conceded that Florida has the better team, as in several instances the superiority of the college team was demonstrated.

There were a number of well-planned and brilliantly executed plays on the part of Florida, but the stars of of the game were Earl Taylor and Moody.

Those forming the University line-up in this game were as follows: Storter, center; Cox, rg.; Rader, rt.; McCormick, re.; McMillan, lg.; Waggner, lt.; Moody, Johnston, le.; Adgerton, qb.; Shands, lh.; E. Taylor, rh; Vidal, fb.

Summary—Touch-downs, Moody 1, Taylor 1; goals from touch-down, Taylor 1.

Referee—Mr. Shands; umpire, Evans; time keeper, Carter.

Halves, 25 and 25.

The Sun is indepted to J. E. Jacobson, of the University, for an excellent detailed account of the game, but regrets that owing to lack of time and space, we were unable to use the same.

That Double Chin

Every woman who is fat, and especially every woman (or man) who has a hog-like double chin, will welcome this news paragraph. Your night masks and sticking-plaster strips and strokings are at an end. A method of reducing double chins (also fat abdomens and hips, shoulders, ankles and neck), that really does reduce them, has been found.

And would you believe it, it is nothing more than a simple, harmless home receipt that any druggist will fill for you, viz: ½ oz. Marmola, ½ oz. Fluid Extract Cascara Aromatic, and 3½ oz. Peppermint Water, a teaspoonful of which after each meal and at bedtime will take off up to a pound of fat a day. Try it—it is good for the stomach—strengthens that organ—so it turns the food into energy, bones, muscle, as it should, instead of into fat, as yours is doing now; drop exercising; be lazy even; this mixture will still trim up your figure. And it will do it evenly, too, without causing wrinkles; removing the soggy fat, such as double chins and stout abdomens are made of, first.

His Preference.

Five-year-old Bobbie went visiting with his mother and, unexpectedly remaining overnight, was obliged to wear his cousin Kate's nightgown. The next morning he said tearfully, "Mamma, before I'll wear a girl's nightie again I'll sleep raw."—Harper's Weekly.

A Tiny Baby

Can't tell you in words what the trouble is; but if it's complexion gets pasty, if it gets weaker and weaker, loses flesh and is cross and peevish, you can be certain that it has worms. Give it White's Cream Vermifuge. Guaranteed harmless. Expels the worms and puts the baby in a healthy normal condition. Sold by W. M. Johnson.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

THAD MAKES A KICK.

Raises Objection to Cutting Down Government Landmark.

BELL, Fla., Nov. 20.—Editor Sun: I would like to ask through the columns of your valuable paper what right has a road overseer to cut down and destroy the old landmark trees on the public roads of this county, such as are known as fore and aft trees? We have had a road out here by my place for about 11 years, practically as straight as the one they cut by the side of it, and the real estate owners who lived on each side of it were satisfied with the road, but to keep the road man in a job, I am told, our commissioner gave the road man orders to cut it on the section line, irrespective of whose property it injured, and to move all trees and stumps for a width of 16 feet, after the road hands had, inside of at least fifteen or eighteen months, been over that road four or five times taking up all the stumps in the roadbed. So to keep the wheel going our commissioner decides to virtually cut a new road. If there was some chance for us to get some hard surface on that road, well and good, but there is not. As to the moving of any of the old Government landmarks, I say it is high time our United States officials were looking after that matter. The United States land laws forbid it, and so does our State law. I say if our county commissioners are responsible for the fore and aft trees on the public roads being cut, they should be prosecuted. When I was county commissioner I forbid my road man to cut any fore and aft trees, for if all of the United States landmarks are removed, how would a surveyor locate my land, or anyone else's?

T. C. BRYANT.

A Broken Back.

That pain in your back caused by lumbago, stiff muscles or a strain, is an easy thing to get rid of. Ballard's Snow Liniment cures rheumatism, lumbago, sore and stiff muscles, strains, sprains, cuts, burns, bruises, scalds and all aches and pains. You need a bottle in your house. Sold by W. M. Johnson.

Inconsistent.

"Your pictures are inconsistent."

"Why?"

"You illustrate this bobo joke with a wash drawing."—Kansas City Times.

Winter finds out what summer lays up.—Anderson.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

NEWS OF CITY AND COUNTY CONDENSED

Don't buy your furniture before seeing our stock. We can sell you, because prices and quality talk. The Big Furniture Store.

Mr. and Mrs. Wade Thomas and children of Monteocha were visitors to this city Friday. Mr. Thomas states that his section was favored with a fairly good rain Wednesday, which was badly needed, as the crops have been suffering considerably.

Hon. John G. Dampier, one of the most successful planters in the county, is busy grinding cane at his home in Hague, and has remembered several of his friends here with delicious juice, among whom was a representative of The Sun.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all druggists.

Attention is called to the advertisement of Edwards & Flowers, the East Liberty street furniture people, who are offering everything in their line at greatly reduced prices, owing to the fact that the firm has decided to engage in another line of business. Read the ad. and profit thereby.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effects, and will cure even chronic constipation. Sold by all druggists.

First Mortgage Bonds.

By reason of the insistence of many investors that their bonds be of "first" mortgage it may be said that the importance of the word "first" is dependent upon the circumstances, says Moody's Magazine. A bond may be first in fact. It may be so only in a relative sense in that it indicates the order in which the bond was put out by the issuing company or the use of the term "first" in the name of a bond, undesirable and loose though it be in such instances, may be upon the slight ground that the mortgage is indeed first on some part of the property, while on other parts it may have but a third or fourth claim. It is therefore obvious that the mere presence of this term in a title does not necessarily make the bond an absolutely prior lien. It has been estimated that 95 per cent in number and 95 per cent in value of steam railroad "firsts" are first liens in name only.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

"Never Too Late to Mend."

Most of us associate the phrase "it's never too late to mend" with Charles Reade's famous novel, and very likely some of us think he invented it. But it is really one of the most ancient gems of popular philosophy. A correspondent of London Notes and Queries has discovered it in a petition from the commonalty to the mayor and aldermen of the city in 1433. It must have been of a respectable age even then, seeing that it is quoted as one of the "proverbs" of the period.

The old, old story, told times without number, and repeated over and over again for the last 86 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all druggists.

Common to the Kind.

"How do you recognize an infant industry?" inquired an English tourist of a colonial politician.

"Like most infants," answered the politician, "it is recognized by the amount of noise it makes when it wants to be noticed."—London Telegraph.

Hicks' CAPUDINE Cures Sick Headache

Also Nervous Headache, Travelers' Headache and aches from Grip, Stomach Troubles or Female troubles. Try Capudine—it's liquid—effects immediately. Sold by druggists.

If it's printed stationery you want, The Sun office is the place to get it.

NO REASON FOR DOUBT

A Statement of Facts Backed by a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will supply it free. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic, that are eaten like candy. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take, and work so easily, that they may be taken by anyone at any time. They thoroughly tone up the whole system to healthy activity. They have a most beneficial action upon the liver.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Two sizes: 12 tablets 10 cents and 36 tablets 25 cents. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

The First Sleeping Car.

The first real sleeping car was built in 1864. It was called the Pioneer, and the builder further designated it by the letter "A," not dreaming that he would soon exhaust the letters of the alphabet. The Pioneer was built in a Chicago and Alton shop and cost the almost fabulous sum of $18,000. That was reckless extravagance in a year when the best of railroad coaches could be built at a cost not exceeding $4,500. But the Pioneer was blazing a new path in luxury. Without it was radiant in paint and varnish, in gay stripes and lettering. It was a giant compared with its fellows, for it was a foot wider and two and a half higher than any car ever built before. It had the hinged berths that are the distinctive feature of the American sleeping car today, and the porter and the passengers no longer had to drag the bedding from closets at the far end of the car.—Outing.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it

Thoughtless Clerks.

Every business has a good will cap, and every satisfied customer is a feather in that cap. Trained men at high salaries are employed to keep tightly in place the feathers that are already there and to add new feathers. It is the advertising department that is most conspicuously engaged in the feathering process, while the adjusting department is most characteristically employed in keeping the plums firmly anchored. Both of these departments are maintained at a large proportionate expense, which goes to show the value of feathers. Who, then, in the organization of a business could be mischievous enough to pluck the feathers from the good will cap? Who, indeed? Yet all day long here and there throughout some stores peck, peck, peck, go ruthless beaks, impelled by raven brains in the heads of vacuous clerks.—Bookkeeper.

Painful.

A little story comes from way back concerning Forrest, the tragedian.

It was during his last appearance at Niblo's Garden, in New York. At the time he was suffering untold torture from the gout. A sort of runway had to be constructed from the stage to the dressing room, for he was quite unable to step up or down stairs.

The performance had been "Coriolanus," and Forrest was petulant from pain and tired with his work. He stumbled against the runway, causing such a twinge in his toe as to make him cry out with the pain.

A young actor standing by unfortunately addressed the tragedian at the wrong time, saying:

"Dear me, Mr. Forrest, that must have been exceedingly painful."

"Not half so painful as your acting," was the crusty response.

CAPUDINE for "THAT HEADACHE."

Out last night? Headache and nervous this morning? Hicks' Capudine just the thing to fit you for business. Clear's the head—braces the nerves. Try it. At drug stores
